

# String Telephone

## You will need:

- 2 paper cups
- Scissors
- String
- Pencils

## Instructions

1. Cut a good length of string - you want it be long enough that you could stand a decent distance apart.
2. Pierce a hole in the base of each cup using a pencil.
3. Thread the string through the holes in the cups and tie a knot to secure it in place. Tape in position if needed.
4. Give each person cup and ask them to stand far enough apart so that the string is tight.
5. Take in turns to talk through the cup and listen to what each other are saying.
